## NOTIFICATION

This notification is to state that the use of the BORR/BNRR in conjunction with a ProChoice Hard Hat is approved for use in accordance with AS/NZS1801:1998 Occupational Protective Helmets - Selection, care and use.

For particular reference please see an extract from section 1.4 of AS/NZS1801:1998.1.4.1 Type of accessories: a wide range of accessories can be fitted to helmets to make them more suitable for variable working conditions.

Examples are as follows:

- A retaining strap worn either under the chin or at the nape of the neck. The strap is usually of elasticized tape attached by plastic fittings to the helmet shell.
- A bracket & cable clip for the attachment of a lamp.
- An eye shield, face shield or welding shield.
- A wide brim for additional shade in hot climates.
- Neck flaps for protection against the sun & adverse weather conditions, or for protection against molten metal splash, hot substances & similar hazards.
- A liner for cold conditions.
- Earmuffs.
- A sweatband for dusty conditions.

Prospective purchasers of helmets fitted with such accessories should ensure that helmets fitted with such accessories still comply with AS/NZS 1801.
