CARE INSTRUCTIONS >

It is recommended that welding workwear be wiped clean at the end of use each day. Inspect regularly for damage, deterioration or hardening. Replace prior to further use. Proper maintenance is key for sustained performance of welding workwear.

Hand clean welding workwear regularly, using warm soapy water. Dry prior to use. Replace welding workwear should they begin to show signs of deterioration or hardening.

SUITABLE WITH >

LINQ Height Safety Harness

Reading of LINQ instruction manual prior to use is mandatory. Description and specification subject to change without notice. If in doubt please contact the LINQ helpline.
